

Professional Resume Pack

Resume structure, achievement prompts and application checklist

Resume structure

- Name and professional headline
- 3–4 line summary focused on outcomes
- Core skills matched to the target role
- Experience with measurable achievements
- Education, certifications and relevant projects

Achievement formula

- Action + task + tool/skill + measurable result.
- Example framework: Improved [process] using [skill/tool], resulting in [measurable outcome].

Final checklist

- Keep the layout easy to scan.
- Use consistent dates and headings.
- Remove irrelevant information.
- Proofread names, numbers and contact details.
- Export a clean PDF before applying.
